To whom it may concern:

AGC Chemicals Americas, Inc. (AGCCA) certifies that to the best of our knowledge none of our products contain "Conflict Minerals" identified in the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010

"Conflict Minerals" are the following minerals:

- Coltan and its derivative TANTALUM;
- Cassiterite and its derivative TIN;
- Wolframite and its derivative TUNGSTEN, and
- GOLD,

that originate in the Democratic Republic of Congo and neighboring countries, including Angola, Burundi, Central African Republic, Republic of Congo, Rwanda, Tanzania, Uganda and Zambia.

In addition, I would not expect these substances to be present in the raw materials that AGCCA uses to manufacture any of our products.

Please feel free to contact me with any questions at 610-380-6218 or daniel.imms@us.agc.com.

Best regards,

A handwritten signature in black ink, appearing to read "Daniel J. Imms", with a long horizontal flourish extending to the right.

Daniel J. Imms
SHE & Regulatory Affairs Manager
