RoHS & brominated flame retardants directives - Fluon[®] fluoropolymers and Aflas[®] fluoroelastomers

This is to confirm that none of the following substances:

lead	Butyl benzyl phthalate (BBP)
mercury	Dibutyl phthalate (DBP)
cadmium	Diisobutyl phthalate (DIBP)
hexavalent chromium	pentabromodiphenyl ether, (pentaBDE)
polybrominated biphenyls (PBB)	octabromodiphenyl ether (octaBDE)
polybrominated diphenyl ethers (PBDE)	decabromodiphenyl ether (Deca-BDE)
Bis(2-ethylhexyl) phthalate (DEHP)	

listed in Directive 2011/65/EU (RoHS) as amended by Directive (EU) 2015/863 or listed in Directive 2003/11/EU (pentaBDE and octaBDE), are intentionally used in the manufacture of Fluon[®] fluoropolymer (PTFE, PFA, ETFE) and Aflas[®] fluoroelastomer products as supplied by AGC Chemicals Europe, Ltd. Testing is not performed for materials and substances that were not intentionally added but to the best of our knowledge, our products do not contain the substances listed above

Yours sincerely,

KP Cockshott
Product Steward
AGC Chemicals Europe, Ltd.

Information contained in this publication (and otherwise supplied to users) is based on our general experience and is given in good faith, but we are unable to accept responsibility in respect of factors that are outside our knowledge or control. All conditions, warranties and liabilities of any kind relating to such information, expressed or implied, whether arising under statute, tort or otherwise are excluded to the fullest extent permissible in law. The user is reminded that his legal responsibility may extend beyond compliance with the information provided. Freedom under patents, copyright and registered designs cannot be assumed.

Fluon[®] and Aflas[®] grades are general industrial grades. It is the responsibility of the purchaser to check that the specification is appropriate for any individual application. Particular care is required for special applications such as pharmaceutical, medical devices or food. Not all grades are suitable for making finished materials and articles for use in contact with foodstuffs. It is advisable to contact the AGC Chemicals Europe, Ltd. sales office for the latest position. Users of Fluon[®] and Aflas[®] are advised to consult the relevant Health and Safety literature which is available from the AGC Chemicals Europe, Ltd. sales office.
