3rd May 2019

Directive 2003/11/EC and the production of Fluon[®] ETFE.

This is to confirm that Fluon[®] ETFE supplied by AGC Chemicals Europe, Ltd. is fully compliant with Directive 2003/11/EC.

Yours sincerely

A handwritten signature in blue ink, appearing to read 'MJ Shenton', with a horizontal line underneath.

Dr MJ Shenton
Product and Process Steward
AGC Chemicals Europe, Ltd.

Information contained in this publication (and otherwise supplied to users) is based on our general experience and is given in good faith, but we are unable to accept responsibility in respect of factors that are outside our knowledge or control. All conditions, warranties and liabilities of any kind relating to such information, expressed or implied, whether arising under statute, tort or otherwise are excluded to the fullest extent permissible in law. The user is reminded that his legal responsibility may extend beyond compliance with the information provided. Freedom under patents, copyright and registered designs cannot be assumed.

Fluon[®] grades are general industrial grades. It is the responsibility of the purchaser to check that the specification is appropriate for any individual application. Particular care is required for special applications such as pharmaceutical, medical devices or food. Not all grades are suitable for making finished materials and articles for use in contact with foodstuffs. It is advisable to contact the AGC Chemicals Europe, Ltd. sales office for the latest position. Users of Fluon[®] are advised to consult the relevant Health and Safety literature which is available from the AGC Chemicals Europe, Ltd. sales office.
